## synopsis:

Evidence of God's existence is everywhere. From the mountains to the valleys, from the heavens to the earth, His indelible mark and handiwork are seen throughout creation.

God's presence also extends into our lives. He formed us in our mother's womb. He knows our thoughts, our motives, and our attitudes. When we are lost, He is there to steer us home. He never abandons us and goes everywhere we go.

His sustaining presence is felt and His everlasting existence is seen everywhere.
