synopsis:

Together, Dick and Rick Hoyt have run in marathons, competed in triathlons, and once even trekked 3,700 miles across America. It's truly astounding when you consider that Rick Hoyt is unable to walk or talk. But with Dick supplying the ability and dedication and Rick the inspiration and motivation, Team Hoyt exemplifies the power that is in "Together."

The Scripture tell us "two are better than one" for God designed us to live in community and accountability with one another. Other Christians help reprove, refine, and ultimately reinforce our walk with Christ. Separated, we are weak. Together, we are strong.

discussion questions:

- Why do you think God made us incomplete?
- How can we together enhance our strengths and minimize our weaknesses?
- How can we together help strengthen our relationships with God?
- What hinders us from sharing life with one another?
- Who is holding you accountable?
